

HIGH STORAGE CAPACITY REFRIGERATED BACK COUNTER

The additional storage capacity of the new Duke® Refrigerated Back Counter is a better solution for today's higher volume restaurants.

Duke's New High Storage Capacity 60" Refrigerated Back Counter

Benefits

- Has been awarded the ENERGY STAR®
- Front mounted pull-out compressor and filters facilitate easy access for servicing and cleaning
- Reusable filter – just wash and reuse
- 40% more storage capacity than the current refrigerated counter (RUF-48)
- Faster recovery with 50% more door openings
- Proven reliability, function and performance

Features

- Standard on legs
- Available with optional casters
- Adjustable coated interior shelves
- Front access for routine maintenance
- Removable laminate door panels for easy replacement or future decor changes
